## JUNIOR SAILING REGISTRATION IS IN FULL EFFECT!

If you know a young person that needs to get out of the house & away from those screens this summer, register them for sailing class at the following link: [ssycjuniors.org](http://ssycjuniors.org).

### We offer 4 classes:

- Beginner Blue Dragons
- Intermediate Optis
- Intermediate Club 420s
- Advanced (more competitive; involves Optis, Lasers, and 420s)

Students are taught by US Sailing Certified instructors, plus assistant instructors. The average student to instructor ratio is 3:1. If you have any questions, email Rena Fischer at [junior.advisor@ssyc.org](mailto:junior.advisor@ssyc.org).

Classes are already over 50% full, SO MAKE HASTE!

## JUNIOR MEMBERSHIP

Don't forget that an SSYC Junior Membership is required in order to take lessons! Membership sign up is open now at [ssycjuniors.org](http://ssycjuniors.org).

If you know a family that is interested in having their children learn how to sail, please send their contact information or refer them to Rena Fischer at [junior.advisor@ssyc.org](mailto:junior.advisor@ssyc.org).

## SENIOR SPOTLIGHT

### Ingrid Stollenwerk

**Years old:** 17

**Years as a Junior:** This will be my 10th

**School you attend:** Whitefish Bay High School

**Current grade:** 12th, Senior

### Q: What are your hobbies?

A: Singing, playing guitar, musical theater, camping, being with my friends, babysitting, and sleeping.

### Q: What are some of the other sports that you enjoy?

A: I like to ski and swim.

### Q: What do you do in the winter?

A: During the winter I do High School Theater, ski, and wait for it to be summer again.

### Q: How have the Juniors prepared you for your future outside of sailing and with sailing?

A: I have learned many different life skills such as how to work with other people, how to make snap decisions, and how to adapt to new situations.

### Q: Because you're a Senior in High School what colleges are you looking at and what field of work do you think you want to go into?

A: I applied only to Wisconsin state schools including, UW-Milwaukee, Whitewater, Stevens Point, Eau Claire, and La Crosse. Unfortunately, not many of these schools have a sailing team. I am not entirely sure what I want to do yet, but I am thinking about going into either business or teaching.

### Q: What are your plans beyond Juniors?

A: I don't have big plans for what I am going to do in the future, right now I am just trying to enjoy my senior year and the people that I have around me before I have to leave for school next year. If I have learned anything in the past year with the pandemic, it's that life can change in the blink of an eye so it is important to be grateful for what you have while you still have it.

### Q: What advice would you give a beginning Junior?

A: Stick with it because it is really worth it in the end. I hated sailing for my first few years, but then I met all of my friends and stuck with it for them and I am so glad that I did, because now sailing plays a huge role in my life. I don't know what I would have done for all of those summers without it.

### Q: What advice would you give to a sailor who is struggling in big wind?

A: Take deep breaths and remember that you have power over the boat, not the wind. If you are going upwind, ease your sail a lot to depower and then pull it in a little bit at a time so that you can keep the situation manageable for yourself. If you are going downwind, keep your weight at the stern of the boat to avoid bow plowing. Remember, that in order to depower you have to trim in the sail. No matter what you're doing, try to keep a positive attitude because heavy wind can be extremely fun, but only if you make it fun!
